

Insight Lighting was established as a corporation in the State of New Mexico 21 years ago. Over 80 sales representative offices in North America sell the architectural lighting products we manufacture. We are one of the fastest growing private companies in this competitive industry and we are continuously developing high technology products to meet the world's expectations.

Insight Lighting is currently seeking bright, committed people with an entrepreneurial spirit and a positive work ethic. We invest in and believe in the human power of our staff and can offer our people unrivalled opportunities to learn, develop and advance across the spectrum of our industry. Our core values promote teamwork, commitment, professional excellence, and respect.

In recent years, Insight Lighting has expanded to become a leader in the field of LED lighting design and are currently selling sustainable, energy conscious lighting fixtures all over the world. If you're passionate about making a difference in the world by the work that you do ... If you have the desire to be part of a dynamic team, we invite you to apply for the following opportunity.
